Navodaya 2020 is an Animal Science based Entrepreneurship Orientation Programme launched by ICAR-Indian Veterinary Research Institute under Rashtriya Krishi Vikas Yojana (RKVY): Remunerative Approaches for Agriculture and Allied Sector Rejuvenation (RKVY-RAFTAAR) Agri Business Incubation (R-ABI) scheme. The programme is aimed at providing an opportunity to Students/ Youth, Smart Farmers, Women or anyone interested to venture in Animal Science and related field. The entrepreneurs will refine their ideas to form an innovative prototype in the form of products/services/processes/business platforms or models etc. During the training period, the programme offers a Stipend of Rs. 10,000 per month* and Grant in-aid opportunity for upto Rs. 5 lakhs upon selection. In addition to idea development, the program will help to create and nurture future start-ups for providing attractive career options for youth.
