

Exposure visit of farmers from Jhotwara, Jaipur, Rajasthan to ICAR-IVRI, Izatnagar

A group of 50 farmers sponsored by ATMA, Jhotwara, Jaipur, Rajasthan on an Interstate exposure visit, visited ICAR-IVRI, Izatnagar on 10th February, 2018. The team was taken around various divisions and sections of the institute. The team was appraised about the activities of the institute and shown the technologies developed by the institute and displayed at ATIC. Thereafter, they were taken to the Krishi Vigyan Kendra where they could see the demonstration plots of various cereal crops, vegetables, fruits and integrated farming system. They also had an interactive meeting with Dr R.K. Singh, Director, ICAR-IVRI, Izatnagar and Dr Mahesh Chander, Joint Director Extension Education, wherein, they were briefed about the institute activities & the various technologies developed, patented and commercialized by the institute and the extension activities being taken up to transfer these technologies to the end users. The team expressed keen interest in a number of technologies developed by the institute. They also shared about their crop and animal farming system in Jhotwara area and problems faced by the farmers in general and in their area in particular. The visiting team of farmers expressed their satisfaction on their visit to the institute, while appreciating the extension activities of the institute for the welfare of farmers.
