

## **Celebration of “World Veterinary Day” at ICAR-IVRI, Mukteswar Campus**

*Mukteswar; 27<sup>th</sup> April, 2019:* ICAR-Indian Veterinary Research Institute, Mukteswar celebrated the World Veterinary Day with the theme of “*Value of Vaccination*” at Mukteswar campus on 27<sup>th</sup> April, 2019.

Scientists, staff, students from IVRI as well as school children of Kendriya Vidyalaya IVRI Mukteswar campus participated in the programme. A brain-storming session was organized for sensitizing school children about the veterinary profession and value of vaccination. Dr. M. A. Ramakrishnan, Station In-charge, highlighted the objectives of the programme and role of IVRI in vaccine development. Dr. C Jana, In-charge, Extension Section emphasized about the importance of vaccination for livestock and poultry production. Dr Amol Gurav, Scientist and coordinator of the event briefed the students about the history of World Veterinary Day. Dr. D. Muthuchelvan, PS, addressed the school children on the topic “Vaccine: Past, Present and Future”. Dr Raj Narayan, SIC, ICAR-CITH, Mukteswar graced the occasion and delivered a lecture on ‘Vegetables as nutraceuticals and immunomodulators’. Dr. S Chandra Sekar, Scientist also enlightened about new generation vaccines.

In addition, a quiz and essay competition among post graduate students and research fellows was conducted. Plantation at the campus along with exhibition of various institute technologies were carried out. Dr S. K. Biswas, Dr M. Sankar, Dr Karam Chand, Dr Gnanavel V., Dr Amir Samal, Dr S Gautam, Dr Ajayta Rialch, Dr Madhusoodan A. P., Dr Nitish Singh Kharayat, Dr Deepika Bisht and actively participated in different events. Dr Arun Kumar Kishor, Scientist, CITH, Mukteswar also participated in the programme. The event ended with a vote of thanks by Dr S K Gupta, Senior Scientist.
