National Agricultural Higher Education Project (IG)
ICAR-Indian Veterinary Research Institute, Izatnagar

Sensitization Workshop cum Webinar

CeRA and other e-Resources

08th September, 2020

**EFFECTIVENESS
AND SAFETY**

**VACCINE
DEVELOPMENT**

TESTING

(export and suspected cases)

WBVR

organized by

National Knowledge Management Centre for Agricultural Education and Research
ICAR-Indian Veterinary Research Institute, Izatnagar (UP)

Chairman

Dr. B.P. Mishra
Director cum Vice Chancellor
ICAR-IVRI, Izatnagar

Co-Chairs

Dr. Trivei Dutt
Joint Director (Acad.)
NLVS, ICAR-IVRI, Izatnagar

Dr. G. Taru Sharma
Coordinator
NLVS, ICAR-IVRI, Izatnagar

Webinar Coordinator

S.S. Rawat
Officer-in-charge, Library
ICAR-IVRI, Izatnagar

Resource Persons

Dr. K.N. Kandpal
CTO & CCPI, NKMC4AER (IG)
NLVS, ICAR-IVRI, Izatnagar

Panelists

Dr. Yashpal Singh
Senior Scientist, ARIS Cell
ICAR-IVRI, Izatnagar

Ashutosh Soni
CTO, Joint Directorate (Res.)
ICAR-IVRI, Izatnagar

Registration Form Link: <https://forms.gle/nLiCRtewukAFQka76>

Background

The National Agricultural Research & Education System (NARES) is one of the largest in the world having 102 research institutes and 73 agricultural universities spread across the country. It keeps generating a large volume of research and technological innovations and thus has a huge repository of knowledge and information on various branches of agriculture such as crop sciences, horticulture, resource management, animal sciences, agricultural engineering, fisheries, agricultural extension and agricultural education. Due to burgeoning human population, challenges of climate change and decreasing soil fertility and increasing demands of consumers have added pressure on agricultural production and value addition. Fortunately, digital information technologies and online access to information resources have strengthened the conventional library & information services. Timely access to the relevant scholarly information on topic of interest has become crucial in the modern era. The speed and mode of services that librarians and information professional use has thus become very important and have undergone fundamental changes over past few decades. The libraries and the librarians have to graduate to the new vistas of information revolution. Indeed digital knowledge is the current buzz word. Digital resources, digital services and information access technologies continue to create new opportunities, new challenges and new expectations. Union catalogue, digital repository and digital libraries are the new dimensions that have been added under E-Granth initiative as part of National Agricultural Innovation Project (NAIP) to accelerate the online access of knowledge to the researchers, teachers, students, extension professionals in 17 State Agricultural Universities and 4 deemed to be universities. These facilities have to reach to the unreached universities of NARES. Taking note of the fast pace of innovations happening in the field of digital knowledge management, it is necessary to establish a collaborative management structure to coordinate and guide the implementation and ongoing maintenance of the digital libraries; to set policy regarding participation, funding, development and access; to encourage and facilitate broad involvement; and to address issues of policy and practice that may inhibit full citizen access. Therefore, National Knowledge Management Centre for Agricultural Education and Research (NKMC4AER) is proposed to innovate and execute newer developments for efficient use of modern platforms of digital knowledge. The NKMC4AER will continue to strengthen the digital platform of NARES repositories under various agricultural libraries of the universities.

For Registration

For Registration go to Link below or scan the QR Code

<https://forms.gle/nLiCRtewukAFQka76>

QR CODE

Note:

- Online participation limited to 500.
- E-Certificates will be provided to the participants those who attend the session and submit the feedback form.
- Login ID or Meeting ID, Password and Link will be provided after registration on Email.
- There is **No Registration Fee** for the program.
- This programme is open to all stakeholders i.e. Students, Faculties, Researchers & Library Professionals, etc.
