Dated: 11.02.20

All the Scientists
ICAR -IVRI

Greeting from HRD Cell, ICAR-IVRI

Dear Sir,

The HRD cell IVRI is organising a Training Programme on “**Basic Statistical Computing Procedure for Analysis of Experimental Data**” from 26-28 Feb., 2020 in the Division of Livestock Economics and Statistics, IVRI. The training programme is aimed to improve the skill of researchers in the analysis of their data by the best available/suitable statistical methodology for reaching out the results which can be explained properly and help in publishing their work in the high impact factor journals.

Interested candidates should submit their application form to the HRD Cell IVRI upto 23.02.20. There are no fees chargeable in the training programme

Thanking you

Sincerely Yours

A K Pandey

Nodal Officer, HRD
