

## Guest lecture hosted by the Academic Hub, ICAR-IVRI, Bengaluru campus on 09.01.2025

---

The academic hub, ICAR-IVRI, Bengaluru, hosted a guest lecture on 09.01.2025 in the auditorium of the IVRI, Bengaluru campus. Dr Rajkumar Noubade, Director, Immuno-oncology Discovery Research, Gilead Sciences, Foster City, USA, was the distinguished speaker.

The program was chaired by Dr Pallab Chaudhuri, Joint Director, ICAR-IVRI, Bengaluru Campus. He welcomed the guest speaker Dr Rajkumar Noubade. Dr Noubade presented on the theme 'Harnessing immune system for host defense and cancer.' He imparted his vast expertise and knowledge in the field of the role of the immune system in combating infections and cancer with the faculty and students. He inspired the students to take up the research challenges. Further, he emphasized the value of learning and acquiring skills. He motivated them to work towards good publications.

The lecture was attended by the scientists, PG and PhD students of the campus. After the interaction, Dr K.N. Viswas, Associate Coordinator extended a vote of thanks.
