

## **Input Distribution program and animal health camp organized by ICAR-IVRI, Mukteswar campus under Scheduled Caste Sub Plan (SCSP)**

**Mukteswar, 27.10.2023:** ICAR-Indian Veterinary Research Institute, Mukteswar campus organized on campus **method demonstration cum input distribution program under SCSP** on **27-10-2023** for the farmers of Darmoli village. A total of 15 BPL farmers participated in the program. Dr. Karam Chand (SS & PI, SCSP, IVRI, Mukteswar campus) welcomed all the participants. The topic of method demonstration was use of chaff cutter for efficient utilization feed and fodder. Dr. Nidhi Sharma (Scientist, TAH Division) briefed about assembling and functioning of the chaff cutter and its benefit for the efficient feed utilization by the livestock animals. After method demonstration each farmer was distributed 1 unit of manual chaff cutter. Apart from this, livestock feed (50 Kg/farmer), medicine kits and mineral mixture (30 Kgs) was also distributed to the beneficiaries. Dr. Nitish Singh Kharyat (Scientist, TAH Division) briefed about the uses of various feed supplements and medicines distributed among the beneficiaries. The program was coordinated by Dr Karam Chand, Dr. Nidhi Sharma and Dr. Nitish Singh Kharayat.
