

## Indian Veterinary Research Institute Hebbal campus, Bengaluru

### “World Veterinary Day 2023 on 28-04-2023”

The ICAR-Indian Veterinary Research Institute in Bengaluru celebrated World Veterinary Day 2023 on April 28 with the participation of all of the campus's scientists, staff, students, research fellows, young professionals, contractual, and housekeeping personnel. Dr. Triveni Dutt, Director of the ICAR-Indian Veterinary Research Institute, and Dr. Pallab Chaudhuri, Joint Director of the IVRI Regional Campus, Bengaluru, inaugurated the event by beginning a vaccination and deworming drive for all the campus dogs. For students, research fellows, and young professionals, a variety of events were held, including a drawing contest on the theme "Role of veterinarian during pandemics" and a debate competition on the topic "Privatisation of Veterinary Education: Boon or Bane. Scientists of the campus judged the events. All the scientists and staff of the campus actively participated in the program. Dr P Saravanan, Principal Scientist, ICAR-Indian veterinary Research Institute, Bengaluru has delivered the thematic lecture on world Veterinary Day 2023. The events and programs were motivating to veterinary graduates and research fellows. Program ended with the vote of thanks by Dr Priyanka, thanking the Director and Joint Director for facilitating the world veterinary day 2023 celebration.
