

Study Tour of Officer Trainees of 125th Batch of Regular Training Programme of ICAR-IISWC, Dehradun to ICAR-IVRI Mukteswar Campus on 8th July 2023

Twentynine Officer Trainees of 125th Batch of Regular Training Programme of ICAR-IISWC Dehradun (hailing from different states of India) along with 3 faculties visited ICAR-IVRI Mukteswar Campus on 8th July 2023 as a part of their study tour to receive training about the campus, its history and current R&D activities.

During the study tour, the trainees received training about the history, historical research achievements, vaccine development and commercialization processes, and current thrust areas of research and development by the campus.

The participants visited different laboratories, museum, and other historical monuments of the campus. Dr. Amir Kumar Samal (Scientist) and Dr. Amol Gurav (Scientist) imparted the training and coordinated the study tour.
